your Business....

&

Deliver complete IT solution..

www.csmp.com

CSM Profile

Started in the year 1998 with two visionaries with the sole intention of providing high tech product and services to the people of India. Today it has successfully proved its mettle by being a pioneer in the next generation IT Consulting and software development.

CSMs' Proficient Areas!

CSM defines, designs and delivers technology-enabled business solutions that help small and medium sized companies as easily as Large Fortune 500 companies in Breaking Thought Barriers. The array of industries which CSM can serve with astonishing aplomb is Oil, Gas & Other Utilities, Banking, Healthcare, Government, Insurance, Retail and Hospitality to name a few.

Process Methodology

CSMs' Global Delivery Model focuses on bringing forth the best solutions for the customers, operating within the three vertices of Time, Money and Quality. It helped the company in exacting the clients' needs and providing solutions and services where the best talent is located, irrespective of geographies and their limitations. Our network of alliances enhances business value, reduces implementation risk and accelerates speed-to-market.
